

Direct Grant Eligibility Quick Test

Establishing eligibility can, in some situations, be complicated. This quick test has been designed to assist you with this pre-qualification process.

Note: The fund is not intended to handle all expenses related to an emergency situation. It is intended for short-term financial assistance.

Question 1:

Has the partner been employed with BGC for at least 6 months.

Question 2:

Is the partner in financial hardship due to a fire or a natural disaster, major illness, injury, or death, or another emergency situation?

Question 3:

Is the partner directly suffering financial hardship from one of the previous circumstances?

Question 4:

Is the partner requesting help with past due rent / mortgage / past due utilities, funeral expenses, clothing or food?

If you answered yes to all three questions, you may qualify for a Direct Grant.
