Volunteer Requests

At Bridgestone we are deeply committed to serving the communities where our teammates live, move, work, and play. Volunteerism is a vital part of this commitment, and we proudly partner with nonprofit organizations in areas where our administrative and manufacturing facilities are located to create meaningful impact.

We welcome volunteer activity requests from nonprofit organizations that deliver quality services and solutions to local communities. Prior funding from the Bridgestone Americas Trust Fund is not required to request volunteers. We prioritize volunteer activities that align with one or more of the following thematic areas:

- **Road Safety**
- **Education**
- **Health**
- **Environment**
- **Disaster Relief**

Each request is carefully reviewed by our Corporate Philanthropy and Social Impact team and evaluated based on alignment with our thematic areas and geographic scope. Once approved, the opportunity will be published on Bridgestone's internal volunteer platform, where teammates can view details of the activity and sign up to participate.

Interested organizations can create an account and submit a new volunteer request [here](#).

501(c)(3) nonprofit organizations; institutes of higher education, including technical colleges and universities; and state and local governments, including local schools delivering services in communities where our teammates move, live, work, and play are eligible to apply.

Organizations residing outside of the U.S., partisan political organizations, religious organizations whose primary activities include religious outreach or instruction, parent-teacher organizations, homeowners associations, and membership organizations are not eligible to apply.

GEOGRAPHIC SCOPE

National organizations are eligible to apply but must deliver services in one of the U.S. administrative or manufacturing locations found [here](#).
